

CHRISTMAS – HEAVEN

EIGHT-ROSES

Show me the place that everybody knows that is called heaven
I travelled the world so far in searching for a sign

Show me the place that everybody goes that last forever
I'm spending my time with you - and finally found the truth

Show me the place that everybody knows that is called heaven
I travelled the world so far in searching for a sign

Show me the place that everybody goes that last forever
I'm spending my time with you - and finally found the truth

It was here - no one told me
It was there - no one showed me

The way you're loving - and you're living
you are showing me the beauty of this place

Show me the place that everybody knows that is called heaven
I travelled the world so far in searching for a sign

Show me the place that everybody goes that last forever
I'm spending my time with you - and finally found the truth

It was me - no one told me
It was you - no one showed me

The way you're loving - and you're living
you are showing me the beauty of this place
