About the artist

I'm a software engineer. Basically, I'm computer geek who loves to solve problems. I have been developing software for the last 25+ years but have recently rekindled my love of music.

Many of my scores are posted with individual parts and matching play-along however, this is not always practical. If you would like individual parts to any of my scores or other specific tailoring, please contact me directly and I will try to accommodate your specific needs.

| Comment: | Johann Sebastian Bach was a German composer, pianist, organist, and violist, and violinist whose sacred and secular works for solo instruments drew together the styles of the previous generation to its ultimate maturity. Although he did not invent the prevailing German style with a new emphasis on control of harmonic and motivic organization |
