About the artist

Born 1987, I began playing guitar at the age of 14 and soon after I began composing within the Heavy Metal idiom. In 2006 I began my undergraduate studies in Music Business at Millikin University. In the fall of 2006 I began to compose piano and instrumental music; and my style has evolved to encompass a wide range from Heavy Metal to Impressionism and even 12 tone serialism. within these different styles I bring what I have emotionally into my work to make it my own.

Enjoy,

On The Beach At Night Alone

For A capella Choir

On The Beach at Night Alone

Walt Whitman, 1819-1892

On the beach at night alone,
As the old mother sways her to and fro, singing her husky song,
As I watch the bright stars shining, I think a thought of the clef
of the universes, and of the future.

A vast similitude interlocks all,
All spheres, grown, ungrown, small, large, suns, moons, planets
All distances of time, all inanimate forms,
All souls, all living bodies, though they be ever so different, or in
different worlds,
All gaseous, watery, vegetable, mineral processes, the fishes, the
brutes,
All nations, colors, barbarisms, civilizations, languages,
All identities that have existed, or may exist, on this globe, or
any globe,
All lives and deaths, all of the past, present, future,
This vast similitude spans them, and always has spann'd
And shall forever span them and compactly hold and enclose
them.
