About the artist

I have always been a secret composer - too scared to share my creations. Even at university I took Music History rather than Composition. Im now in my seventies and think, what have I got to lose Ill post compositions mainly for piano, but sometimes for other instruments as well. I hope someone somewhere enjoys one or two of them

Note: In all of these Preludes, the speed, phrasing, and so on, is left to the creative interpretation of the performer. However, the intonation markings should probably be observed!
