

Tryin'

Joni Green

The fights we have leave you bit-ter and cry - in. I did-n't say I

was suc-ceed-ing. I on-ly said I was try-in'. Two hearts, bro - ken and

bleed-in', a good dose of com - fort's what they're need - in'. I look at the mess

that I've made, think of the words that I've said. May-be, I've giv-en up try - in'

May - be, you're right when you say that it's bet - ter this way Or may - be, I'm

just fool - in' my - self I sure ain't o - kay. I think I'll start cry - in'.

May - be I'll do what's right, in - stead of just try - in'.
