About the artist

I'm a software engineer. Basically, I'm computer geek who loves to solve problems. I have been developing software for the last 25+ years but have recently rekindled my love of music.

Many of my scores are posted with individual parts and matching play-along however, this is not always practical. If you would like individual parts to any of my scores or other specific tailoring, please contact me directly and I will try to accommodate your specific needs.

He was born in Pest (now Budapest), Hungary in 1813. He was destined for a legal career, but instead decided to devote himself to music. At the age of nine he performed Jan Ladislav Dussek's Concerto for Two Pianos with his teacher, F. Brauer, at the age of 11 (see online) |
