About the artist

I was born in 1970 in the so called "Ruhrpott" in Germany. At the age of 6, I began with flutes and chimes, a year later I began my training at the piano, which I continued up to my 24th age. At the age of 13, I also began to sing in the choir - and I was so much fun that I still am active in various choirs. At one point I sat down at the piano and even began to compose. At first it was for me a way to express my feelings. Later, however, was always more joy to the composition. Meanwhile, I write more and more intense, choir and instruments followed.

Free scores gives me the opportunity to publish my compositions and to share with others. With my music I want other people to give pleasure, but also thought-provoking. For me there is nothing better than another person to put a smile on his face. If I can achieve that, I'm satisfied.
