In memory of the Indians holocaust (1315)

About the artist

Since 1974, I'm a composer for classical gtr, instrumental music & songs.

I'm also a gtr teacher (classical, acoustic & electric + bass) and my compositions are used by my students during their musical studies.

Indiens d'Amérique :

le plus grand génocide au monde

C'est l'un des plus grands génocides de l'histoire car l'on parle ici de 80 millions à 100 millions de personnes !

En effet, 90% des tribus amérindiennes ont disparu à la suite de l'arrivée des Européens en Amérique du Nord, la plus grande partie à cause des maladies, la partie restante par les armes.
