### About the artist

I'm a software engineer. Basically, I'm computer geek who loves to solve problems. I have been developing software for the last 25+ years but have recently rekindled my love of music.

Many of my scores are posted with individual parts and matching play-along however, this is not always practical. If you would like individual parts to any of my scores or other specific tailoring, please contact me directly and I will try to accommodate your specific needs.

Franz Peter Schubert (1797–1828) was an Austrian composer. In his short lifespan of less than 32 years, he was a prolific composer of some 600 Lieder, nine symphonies (including the famous "Symphony No. 8" in B minor), liturgical music, operas, some incidental music, and a large body of chamber and solo piano music. Appreciation of Schubert's music during his lifetime was limited, but it increased significantly in the decades following his death. (more online)
