A propos de l'artiste

Houston lives probably one of the most musical lives you could ever possibly live. With the help of his piano, named Mr. B (B for Beethoveen) Houston has created numerous solos, duets, trios, orchestrations, and more. He only places a few of them for free on the web because he wishes to publish them professionally in the near future. Houston lives in Arkansas in the US. he's 16 years old and his special gift is classical music. Music has been a wonderous gift from his dad's side of the family. He got most of it from his great grandmother. He loves to play piano, Mr. B, and Trumpet. He's in his high school band and, also the drum major for marching season. His future goal is to be an orchestral conductor & composer. If you have any questions or comments you do not wish to show please feel free to contact him with the link below. This is his personal email so please no crudeness. Houston wants you to be totally honest about his music and it's very important that you are. Thank you
