A propos de l'artiste

I compose and arrange music for the guitar as well as conduct sing-alongs and perform at retirement homes and hospitals. I hope you are enjoying my compositions and arrangements. My wish is that you share all of your music by volunteering to perform for the underprivileged and play in hospitals and retirement homes for seniors and the disabled. I've included lyrics with some of my music. If you want to really learn the music and become an entertainer, try singing the lyrics while playing the music. If you can do that, you indeed can entertain people. In addition, if you are interested in improving your memory skills for guitar music, I would recommend reading the book, "Moonwalking with Einstein" by Joshua Foer - especially chapter 8, 'The OK Plateau'. While this book does not directly address how to memorize guitar music, it is an excellent general book on memory skill techniques.

The Majestic Colorado River

Principal waterway of the southwestern United States, the Colorado River has something for every type of traveler. Flowing down from the Rocky Mountains, dammed areas including Lake Powell in Arizona, Lake Mead in Nevada and Lake Havasu on the border of California and Arizona are popular house boating, weekend recreation and spring break party destinations respectively, while the section that cuts through the Grand Canyon attracts whitewater rafting enthusiasts, kayakers and tubing fans. After entering Mexico, the Colorado River forms a large delta, emptying into the Gulf of California between Baja California and Sonora.
