Hikari todokanu mizu-no soko  
 Kanashimi-dake-ga furi-tsumoru.  
 Sudeni namida-wa kare-hate-te  
 Mi-ni matoi-tsuku kuraki yami...

Yasuraka-ni are to nembutsu-wa  
 Tooku kasuka-ni hibike-domo  
 Mohaya hito-ni-wa aru-majiki  
 Ah ozomashiki kono sugata.

Nikushi ! Urameshi ! Hito-no yo-no  
 yami kogori-taru mizu-no soko  
 Ikani harasa-n ? Kono urami...  
 Ikani harasa-n ? Kono omoi...

*Here in the bottom of the river, no light can be seen  
 All we can see on the riverbed is a tremendous pile of grief  
 I have no more tear to shed  
 All I have with me is this darkness and obscurity*

*I can faintly hear someone pray  
 "may them rest in peace" from the distance,  
 But now I am a monster  
 How horrifying, how far from human my appearance is !*

*How bitter ! How vexing !  
 This stagnant water is full of the darkest side of our heart  
 How can we have our revenge ?  
 How can we dispel this gloom ?*
